Dear Mr Dalton,

Thank you for giving your attention to this matter and as requested, can confirm that the address of the land in question is Hill Green Farm, Woodford Road, Poynton, Cheshire and that the name of the scheme to which it relates was, at the time of service of my Blight Notice in 1997, known as the A555/A523 Poynton Bypass Scheme.

At the same time, I attach a copy of the Section 17 Certificate referred to in the letter to the Treasury Solicitor, along with a Plan showing the areas A, B, C and D, and a Plan showing the extent of the impact of the proposed scheme.

I hope this will assist you in understanding what is involved but if you require anything further, do please let me know.

Yours sincerely,

Michael Kingsley
