

Permanent and Temporary Road works

Details of our scheduled road works are provided to help you plan your journey.

Please note that works are weather and resource dependent and may need to be cancelled at short notice. This information is not updated in real time, but once a week. Any diversions or waiting times are approximate and act as a guide only.

This traffic management is in preparation for the next phases of works in readiness for the new road alignment. More details on this can be found on the [local activity maps](#).
