05/11/2012

Dear Sir/Madam

Proposal: South East Manchester Multi Modal Strategy [A6 to Manchester Airport Relief Road: Scoping Opinion]

I write with regard to your letter dated 11th October 2012 received 15th October 2012 in which you notified the Authority of amendments to the scheme and sought clarification whether the original Scoping Opinion as provided by the Authority on the 5th May 2010 remains valid.

Having assessed the amendments to the scheme and taken account of the initial scheme design as formally scoped, it is the Authorities opinion that the original Scoping Opinion as provided on the 5th May 2010 remain valid.

Should you wish to discuss this matter please do not hesitate to contact me on 0161 218 1982

Yours sincerely

Emma Curle - Head of Development Management  
BSc (Hons), MRTPI
